

It's all in the details

We've built a reputation for durability and value, and there's no better example of this than the Kia K4000G. With its modern looks, dynamic performance and attention to detail, the K-series truck sets a new standard for the segment in every respect. The exterior is highlighted by a large protective front bumper, advanced aerodynamic cab design and Kia's family-look tiger nose grille found on its stylish passenger car lineup.

About Kia Motors Corporation

Kia Motors Corporation (www.kia.com) – a maker of quality vehicles for the young-at-heart – was founded in 1944 and is Korea's oldest manufacturer of motor vehicles. Over 2.7 million Kia vehicles a year are produced in 9 manufacturing and assembly operations in five countries which are then sold and serviced through a network of distributors and dealers covering around 150 countries. Kia today has over 47,000 employees worldwide and annual revenues of US\$42 billion. It is the major sponsor of the Australian Open and an official automotive partner of FIFA – the governing body of the FIFA World Cup™. Kia Motors Corporation's brand slogan – "The Power to Surprise" – represents the company's global commitment to surprise the world by providing exciting and inspiring experiences that go beyond expectations.

Enjoy Your Work

K4000G

The Power to Surprise

a. Main dash

b. Glove box

c. Aux / USB

Performance made simple

You spend a lot of time at work. Why not make it more enjoyable? The Kia K4000G was developed with an eye towards ease of operation, which directly relates to how well the vehicle performs. And this allows you to get your work done better than ever before. Whether driving or taking a short rest, the K4000G is a pleasant, quiet and ergonomic workhorse. Discover the experience of owning a K4000G.

Folding key

A new folding key with remote lock/unlock is just one of the new convenient touches that shows Kia's attention to detail.

a. The metallic tone centre fascia creates a distinctive high-tech image, while the climate control system integrates the heating, air conditioning and ventilation controls into one unit. b. The versatile glove box offers convenient storage solutions for small items while providing up to 11.13 litres of total space. c. A conveniently located Aux/USB socket allows you to play your favorite tunes from just about any external music device. d. Spacious seats are tastefully finished artificial leather or cloth while the centre seatback can be folded forward to reveal a double layer tray with two cup holders, memo clip and coin tray. e. The driver's seat features adjustable lumbar support at the touch of a button to provide maximum comfort on long journeys. f. Makes maneuvering the K-series truck a breeze while also allowing you to set your preferred steering wheel height position for maximum comfort. g. Fills the riding space with premium sound while offering maximum connectivity to external music devices.

d. Main seat

e. Driver lumbar support

f. Power tilt steering wheel

g. Radio+CD+MP3+Bluetooth with USB+AUX & Audio Remote Control

a. Folding-type stopper

b. Covered rear gate chain

c. Round-edged brim cover

d. Easily operated catcher

Most of all, we care about you

The K4000G is the right companion for large cargo hauling or any construction job. Not only does its bed size give you the length and width to accommodate the bulkiest of cargo, but it also is closer to the ground to make manual loading and unloading easier while offering maximum payload capacity of 2,545 kg. The K4000G's JT engine (2,956 cc) puts out 85 ps at 4,000 rpm and 18.5 kg-m of torque at 2,200 rpm for class-leading hauling ability.

5-Speed manual transmission

The 5-speed manual transmission offers improved fuel efficiency and durability as well as smoother great shifts and NVH performance, resulting in an enhanced ride and comfort.

a. The unique folding-type stopper safely props up long items that extend beyond the bed. b. The wraparound cover protects the chain from corrosion, thus maintaining lifelong use. c. The rounded brim cover allows easier loading and unloading as well as greater durability than edged designs. d. The catcher promises better grip thanks to its ergonomic handle while the inner spring ensures smooth movement. e. The efficient 3.0 litre JT diesel engine provides sufficient power to haul the largest loads. f. The back warning system uses sensors to alert you to any obstacles behind the vehicle. g. The 14" disc brake is activated by the enhanced master cylinder. Improved from the previous 9" single booster, the K4000G obtains more capacity with 8"+9" tandem type.

e. 3.0 (JT) diesel engine

f. Back warning system

g. Disk brake
